Please describe the process in which your booth is designed, created and set up.

Feel free to provide as much information as you would like. Extra documentation such as notes, pictures, etc may be attached.

Here are some simple questions to get you started.

Does your club have a booth committee(s)? Are members chosen or volunteer to assist with a booth? How did you select your theme, club vote or by small group? How were roles determined? Who did design, construction, and set up?
