OHIO STATE UNIVERSITY EXTENSION

Beginning in April 2017

OSU Extension will no longer mailing hard copies of 4-H Newsletters to all families.

We are moving to a primarily online system for distributing newsletters and other bulk mailings to ensure that families receive information in a timely manner. The bulk mail system we have been using to mail newsletters is much less expensive than first class mail. However, bulk mail can take up to three weeks to be processed by the post office (plus regular delivery time) and bulk mail letters which are not deliverable are not returned to the sender so we do not know when members aren't getting their mail.

Digital newsletters can be in your hands within minutes. They are saved online where they aren't easy to lose and every member of the family can access them whenever needed. We need your help for this to work - Please be sure to give us a valid email on your enrollment form and write clearly so we can read it. We will have hard copies of newsletters at the Extension Office for those who prefer printed copies.

We do understand that some families do not have access to email or internet, and we want to be sure that all families get their newsletter. If your family does not have internet access and you need to have a paper copy mailed, please complete the form below and submit it with your enrollment forms. Those newsletters will be sent first class (not bulk). However, we ask that you only complete this form if you do not have access to internet, as the cost is much higher and we cannot mail first class newsletters to 700+ homes.

Thank you for your help as we transition to this new system.

Paper Newsletter Request Form

Sandusky County 4-H

Our family does not have access to the internet and we need to have a paper copy of 4-H newsletters and forms mailed to our home:

Member Name(s): _____

Address: _____

House# Street City Zip
