

Online Resources for Club Educational Programs (to be led by volunteers)

Making the Best Clubs Better (Ohio 4-H):

<http://go.osu.edu/bestbetter>

A collection of ready-to-use lessons, handouts, and resources to help advisors strengthen their club, develop members' communication and leadership skills, and, in general, make the best better.

Ten Minute Science (Ohio 4-H):

<https://ohio4h.org/10-minute-science>

These ten 10-minute hands-on science activities guarantee fun at club meetings and other gatherings.

4-H STEM Activities (National 4-H):

<http://go.osu.edu/national4Hstem>

This page includes an assortment of Science Technology Engineering and Math Experiments which range in length. Appropriate age ranges are given (some are even great for Cloverbuds).

Club Lesson Plans (Tennessee 4-H):

<https://4h.tennessee.edu/Pages/InSchoolLessonPlans.aspx>

A variety of formal lessons on assorted topics such as personal safety, internet safety, health, science, preparing for disasters, empathy, emotions, goals, communication, and more. Some reference projects specific to Tennessee 4-H but most of general lessons useful anywhere.

Teen Leadership 20 (Ohio 4-H)

www.go.osu.edu/teenleadership20

These leadership based lessons are developed especially for teens and may be useful for officers or other club leaders. Some activities can be used for younger youth as well. General activities include goal setting, decision making, community service, handshakes, introducing a guest, public speaking, time management and more.

**Presentation / Guest Resources for Club Educational Programs
(others you can go to or who come to you)**
